

Sculpture Supply List

By

Florian jacot

Suppliers

The suppliers list below is based on the Toronto, Canada, area. Those living elsewhere can look for local and online stores. If in-store shopping is not available, most stores provide curbside pickup or online & delivery services.

Sculpture Supply Stores

Sculpture Supply Canada, 345 Munster Avenue, Toronto, 416-234-1075, www.sculpturesupply.com

Sales all sculpture supply

Good for buying clay

Sculpting tools are more expensive than Art stores, (but very good quality)

Amazon.ca

A lot can be ordered from Amazon at a good price. Check delivery date to make sure you have it on time.
Chavant clay is for some reason more expensive on Amazon!

Art Stores

Above Ground Art Supplies

Michaels

Curry's

DeSerres

...

Hardware Stores

Canadian Tire

Home Depot

Rona

...

Dollar Stores

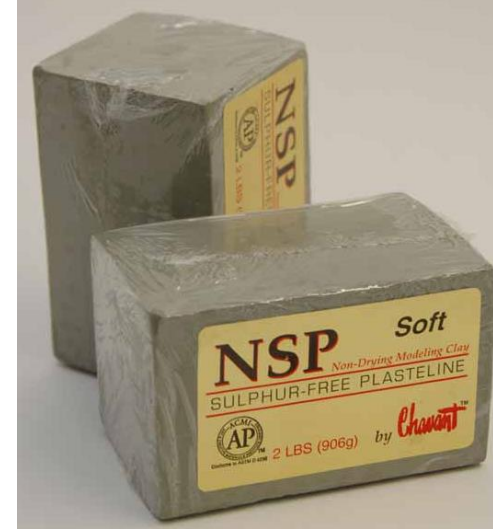

Dollarama

...

Modeling Materials

Form-iT clay

Oil Base Clay

4 Lb minimum

(Enough for a 12-13" tall figure)

Get it from:

Sculpture Supply Canada, ...

Choose one brand/colour:

- From-iT Clay Cream
- Chavant Clay NSP SOFT Green 2 Lb (226030)
- Chavant Clay NSP SOFT Brown 2 Lb (226045)
- Le Beau Touche Green 2 Lb (226000)
- Le Beau Touche Brown 2 Lb (226015)

Notes:

I will be using Form-iT for my sculpture demo.

A Microwave, toaster oven or regular oven will be needed initially to soften the clay via heat.

About 4 feet long is enough

Get it from:

Hardware stores, Dollar Stores, ...

Pliers, for cutting and bending

Get it from:

Hardware stores, Dollar Stores, ...

Drawing Supply or Printer

You will need to draw or print the silhouette of human figure, to use as Blueprint for building the armature.

I will provide a reference image.

Your blueprint silhouette will need to be printed or drawn at the same scale as your sculpture.

Printing can be done on multiple pieces of paper and then taped together, if sculpture is larger the printing paper.

My figure sculpture will be about 12" tall.

Have paper and couple color pencils, pens or markers available.
